The length of the school year was 26 weeks. Spring, 8; Fall, 8; Winter, 10.

Only a part of the winter schools were able to begin at the time set by the Superintending School Committee, owing to reported cases of smallpox in town, and when they did begin, two weeks later, showed a smaller average attendance than either Spring or Fall, showing that *this* dread disease interfered with the schools.

Repairs have been made on several school-houses, notably No. 1, which has been made a sightly and comfortable house. It will be necessary to repair No. 6 the coming year, as it has been injured by fire.

Upon the whole the schools of the past year have been very satisfactory, both in regard to the amount of work accomplished and the manner in which it has been done. But our schools are still far from perfect, but they are improving year by year. To help this improvement, one thing that is sadly needed in this town is the benefit of a free High School. Several scholars in town have taken advantage of the new law requiring towns not maintaining a free High School to pay tuition at some High School. To remedy this, I recommend that the town raise a free High School fund.

Respectfully submitted,

W. H. CORLISS,

Superintendent of Schools,

Ex-officio Secretary of S. S. Committee.

a car load of

# Western Horses

## WEIGHING FROM 1,100 TO 1,300

These horses are bought by J. H. Parker, expressly for Mr. Rogers, direct from the farms they are raised on. Have never been stabled in Chicago, Buffalo or Boston, thus avoiding the danger of distemper in large stables. I handle 300 horses every year. Also receive a large number of second-hand horses in trade. Remember, I am the only dealer in Bangor having horses shipped direct from the farms on which they are raised.

## The Shaw Business College Bangor, Maine

F. L. SHAW, Pres., Portland, Me.

G. D. HARDEN, Treas., Bangor, Me.

**ONE**—It is the only school in the State that carries on Actual business by mail and common carrier. Students in the school in Bangor carry on business with students in the Shaw Colleges in Augusta and Portland.

**TWO**—The Shaw College in Bangor has the finest quarters of any business college in the state.

**THREE**—Another strong feature of the Shaw is the fact that the Business Course may be combined with Shorthand and Typewriting at one rate of tuition.

**FOUR**—The Shaw is the only business college in this section of the country that has a session Saturday—and its hours of instruction each day are longer than other schools—20 per cent. more time—which means either acquiring a better training or the same training in a shorter time—The saving of time is the saving of money.

**FIVE**—The Shaw is the only business college in the state to give Free Concerts and Dances to its students. The social side of a school should not be overlooked.

**SIX**—The Shaw does not accept payment in advance. A feature of the Shaw alone.

**SEVEN**—*It is the largest in the state,* for the above reasons, and many others too numerous to mention.
